1. Introduction

Trademark holders that want to opt in for the Sunrise service are required to provide a Proof Of Use (POU) of their submitted trademark. As described in the TMCH guidelines the submission for verification of Proof of Use consists of two elements: (1) a signed declaration of use and (2) a single sample of Proof of Use. As per the ICANN requirements, an update on the POU documentation is required once every five years. For this reason, the TMCH requires the holder (or the agent acting on its behalf) to reconfirm the validity of the submitted POU documentation.

This POU revalidation process is facilitated via the TMCH web interface. In case you as a Trademark Holder/Agent have trademark records for which the POU will expire within 120 days, a POU revalidation page will become available. On this page you will be able to select the trademark records for which the POU documents are:

- Either still valid and can be “revalidated”.
- Either no longer valid and need to be “invalidated”.

If no action is taken 60 days after the POU expiry date, the POU status will automatically change to ‘EXPIRED’ and the associated SMD file will be revoked. Therefore, it is not possible to make use of our Sunrise services for that specific trademark record until the POU is revalidated.

This manual will explain you how to revalidate/invalidate the related POU documentation.

2. Access to 'bulk POU revalidation' page

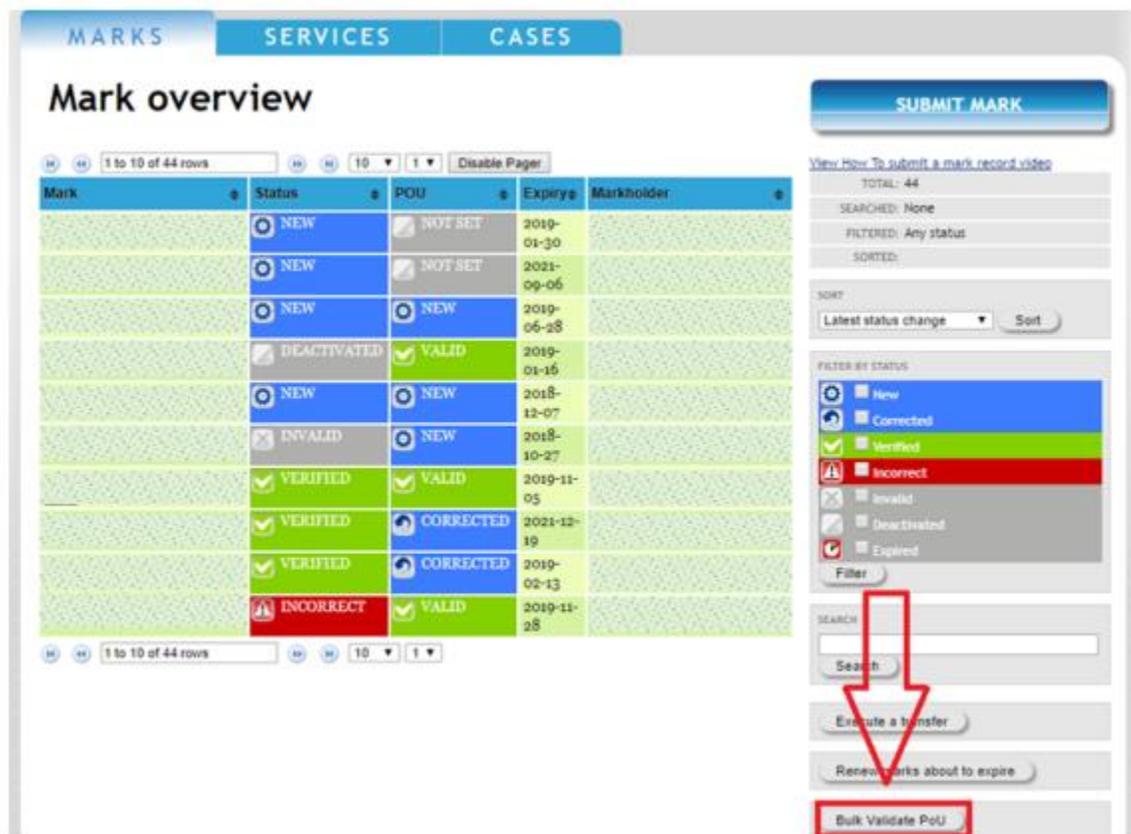

The POU revalidation process is facilitated via the TMCH web interface.

When logged in to the TMCH web portal, you will have two options to access the 'bulk POU revalidation' page:

- By clicking on the banner:

- By clicking on the 'Bulk Validate POU' button on the right pane of the 'Mark overview' page:

Both the banner and 'Bulk Validate POU' button will only be visible if there are POU documents that will expire within 120 days or less.

Once you have clicked on either the banner or the 'Bulk Validate POU' button you will be redirected to the 'bulk POU revalidation' page as displayed below:

Bulk Proof of Use Validation

As the submitted Proof Of Use documents (signed declaration and sample) of the TMCH mark records under your management are (almost) older than 3 years, you are required to re-verify the validity and actuality of the uploaded sample and declaration of use.

Please confirm the validity of the current PoU documentation for the below mark records by:

- Clicking the checkbox next to the confirmation disclaimer.
- Selecting the checkbox for each trademark record to either revalidate or invalidate the PoU documentation.
- Finally confirming by clicking 'Execute Bulk PoU Validation,'.

Please note that invalidating PoU documentation will set the PoU status for the mark record to "INCORRECT". This requires you to upload a new sample and declaration of use for verification within 14 days. You can upload the documents through the mark details page.

I confirm that I have the legal capacity, either as Trademark holder or as agent representing the trademark holder, to receive and review the documents linked to the Trademark records. Upon my revision of these documents I can confirm whether or not the submitted sample is still in active usage, the validity of the declaration of use still holds and the documents are accurate and complete.

The screenshot shows the 'Bulk Proof of Use Validation' page in the TMCH system. At the top, there are navigation tabs for 'MARKS', 'SERVICES', and 'CASES'. The main heading is 'Bulk Proof of Use Validation'. Below this, there is a paragraph explaining that submitted Proof of Use documents (signed declaration and sample) of TMCH mark records under management are (almost) older than 5 years, and users are required to re-verify the validity and actuality of the uploaded sample and declaration of use. A 'SUBMIT MARK' button is visible in the top right. Below the button, there are statistics: 'TOTAL: 44', 'SEARCHED: None', 'FILTERED: Any status', and 'SORTED:'. A 'SORT' dropdown menu is set to 'Latest status change'. A 'FILTER BY STATUS' section shows a list of status options: 'New', 'Corrected', 'Verified', 'Incorrect', 'Invalid', 'Deactivated', and 'Expired'. A search bar is located at the bottom right. A red box highlights a confirmation statement: 'I confirm that I have the legal capacity, either as Trademark holder or as agent representing the trademark holder, to receive and review the documents linked to the Trademark records. Upon my revision of these documents I can confirm whether or not the submitted sample is still in active usage, the validity of the declaration of use still holds and the documents are accurate and complete.'

Bulk Validate PoU

¹ In case you do not accept the T&C, the 'execute bulk POU validation' button will not be clickable and the POU revalidation process cannot be finalized.

- Select the checkbox(es) for each trademark record to revalidate the POU documentation.

Please note that if no checkbox is available in the revalidation column, it means that the POU documentation does not meet TMCH requirements and needs to be updated accordingly. In this case you will only be able to select the “invalidate POU” checkbox. Should you deem any POU documentation missing, please reach out to support. To invalidate the POU documentation, please refer to section 4.0 for more details.

Once confirmed, you will be redirected to the 'Mark overview' page and the POU status of all the selected trademark records will be set to 'INCORRECT'. You will have a period of 14 days to upload a new sample and a declaration of use of POU. Those documents can be uploaded via the 'Mark details' page. For more information on how to update your proof of use, we kindly refer to our manual via the following link: https://tmch.beta.entorno.com/wp-content/uploads/2024/05/how_to_submit_and_change_a_proof_of_use_1.pdf

5. Action required: your POU documentation is already expired

In case your POU documentation is already expired (automatically when it is in the Trademark Clearinghouse for 5 years), a pop-up message will be displayed on the trademark details page for the specific mark record requiring you to revalidate/invalidate the POU documentation associated with that specific trademark record. This pop-up message cannot be closed and will be visible for 60 days as of the POU expiry date. Hereafter the POU status will automatically change to 'EXPIRED', the pop-up message will be removed and the associated SMD file will be revoked.
